¹ Family members of an EU, EEA and Swiss citizen include his or her:

- spouse,
- direct descendants aged less than 21, or dependent on him/her, including similar descendants of his/her spouse, and
- dependent relatives in a direct line of ascent, including similar relatives of his/her spouse.

If an EU, EEA or Swiss citizen living in Finland is a minor, his or her guardian is a family member. Persons living continuously together in a shared household regardless of their gender are deemed comparable to spouses if they have cohabited for a minimum of two years. The requirement of having cohabited for two years does not apply, however, if the cohabiting partners have joint custody of a child or if there is some other weighty reason for this.

Another family member of an EU, EEA or Swiss citizen regardless of his or her citizenship is deemed comparable to a family member if:

- in his or her country of origin, he or she is dependent on or cohabiting with the EU, EEA or Swiss citizen who is the primary residence permit holder, or
- personal care provided to him or her by the EU, EEA or Swiss citizen in question is absolutely necessary for serious health-related reasons.

² If you have not finished the education, please write 'Not finished' under Educational institution and orientation/major subject.

³ If you have been an entrepreneur or worked in a family business, please mention this under the item Duties.

Please also mention any other mode of working you have engaged in, in other words if the work was not performed in an employment relationship, in a public service position or as an entrepreneur, for example as commissions without starting a company or as an informal carer.
